Skills

Languages: C++, JavaScript, Python
Frameworks: HTML & CSS, React.js, Node.js
Tools/Platforms: AWS, VMware, Docker, Git
Soft Skills: Problem-Solving, Teamwork, Time Management, Analytical Thinking

Projects

Music Playlist App with Next Previous Logic: GitHub Link — Jul '25

- Developed an interactive web-based music player using HTML, CSS, and JavaScript with support for playlist navigation.
- Implemented dynamic **Next/Previous track functionality** using array-based indexing and event-driven programming.
- Utilized the **HTML5 Audio API** to control playback features such as play, pause, and track switching.
- Designed a clean and responsive user interface to enhance user experience and accessibility.

Tech: HTML, CSS, and JavaScript (using DOM manipulation and the HTML5 Audio API).

Balanced Parentheses Checker: GitHub Link — Jun '25

- Built a clean, responsive interface for users using HTML, CSS, and JavaScript to validate mathematical and programming expressions with real-time feedback.
- Implemented a stack-based validation logic to efficiently check balanced parentheses (( ), { }, [ ]) and handle nested and complex input structures.
- Built an intuitive user interface with instant result display and error highlighting for unbalanced inputs, enhancing user experience.

Tech: HTML, CSS, JavaScript, DOM Manipulation, Stack Data Structure.

Training

Board Infinity: Certificate — Jul '25

Mastering Data Structures and Algorithms – Training Program

- Completed structured training focused on core Data Structures and Algorithms.
- Strengthened problem-solving skills using arrays, linked lists, stacks, queues, trees, graphs, and dynamic programming.
- Practiced coding challenges and algorithm optimization techniques.

Certificates

Microsoft Azure Cloud Services – Coursera | Certificate — Dec' 25
Language Principle & Finite Automata Theory – Infosys | Certificate — Aug '25
Master Generative AI & AI Tools – Infosys – Springboard | Certificate — Aug '25
Bits and Bytes of Computer Networking – Google | Certificate — Sep '24

Achievements

Hacker Rank 5 ★ in Python Programming: — Mar '26

Achieved a 5 ★ Rating on Hacker Rank by solving advanced programming challenges using Python.

Code-A-Haunt Hackathon: Certificate — Mar '24

Secured a Top 15 Finalist position in Code-A-Haunt Hackathon organized by the Coding Blocks, Lovely Professional University.

Education

Lovely Professional University — Punjab, India
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.3*** — *Aug '23 - present*

Shastra junior college — Andhra Pradesh, India
Intermediate; ***Percentage: 91.7%*** — *Jun '21 – Jul '23*

Sri Chaitanya School — Andhra Pradesh, India
Matriculation; ***Percentage: 100%*** — *Jun '20 – Mar '21*
